Statistics courtesy of USHWA Indiana - current through 5/31/2022
The Indiana equine industry is strong, but how strong? The last Equine Economic Impact study was completed in 2010, and we are way overdue for a study. In 2010, the equine study measured the impact of the Indiana equine industry to be $973,000,000 strong and touched all 92 counties in Indiana.

Purdue University has been chosen once again to conduct the 2022 Indiana Equine Economic Study. Purdue was chosen because of their professional, concise, and accurate methods.

Why is this study needed? As a thriving industry in Indiana, the results of the study become a true report card for the industry. More importantly the study becomes a useful tool that all breed associations, the Indiana Horse Racing Commission, and track owners will rely on to continue to seek support for the equine industry.

What do you need to do? Surveys will begin to be delivered in July by mail, email, and text blast. Additionally, the link for the survey will be on all breed websites, IHRC website, and track owner websites. If you are involved in the Indiana equine industry, we need you to complete a survey. The more responses, the better data we have to measure the impact of the Indiana equine industry. Below is the link or QR Code:

https://bit.ly/3MIryFm

Surveys must be completed and returned no later than August 15, 2022. If you have any questions do not hesitate to reach out to your breed association executive director, or contact the following:

* Tony Renz – Executive Director of the ISA
  Tony.renz777@gmail.com or 317/652-4380

*Jessica Barnes - Director of Racing & Breed Development at the IHRC

*Tanya Hall – Community Development Regional Extension Educator Purdue University
